Spalding Collaborative, a network of partners and community organizations, serves as the central planning, coordinating and policy analysis body to develop strategies which create conditions in which outcomes for children and families in Spalding County improve. To achieve this mission, teams focus on three strategies:

Healthy Children

- Child abuse prevention
- Low birth weight prevention
- Early childhood development
- Universal support services
- Annual Healthy Children Conference & Expo

Healthy Youth

- Food sufficiency
- Mentoring
- Leadership development
- Service learning
- Youth development
- Attendance task force
- On-time high school completion
- Underage drinking prevention
- Resource directory, SWIFT

Healthy Community

- Adult basic education & GED program offers a nurturing, neighborhood-based learning environment for adults to improve employability and self-sufficiency
- Neighborhood capacity building engages and empowers residents to take ownership of neighborhood re-vitalization
- Community garden provides a food oasis to the neighborhood, opportunities to come together on common ground to grow healthy food, take part in educational programs and to hold social gatherings and activities
- Re-entry task force plans a comprehensive, evidence-based approach to reduce recidivism of returning citizens from prison
- Comprehensive on-line resource directory
- Food sufficiency for senior citizens
- Annual Senior Issues Conference & Expo
- Long term recovery assists victims of disaster to achieve a new level of normalcy
- Partners for a Prosperous Griffin Spalding works to replace poverty with educational prosperity
